However, in Ohio, government entities are not eligible to apply under the Ohio Program, whereas lessees of historically designated building undertaking rehabilitation projects are eligible to apply for the program.

The updates, provided by CFO Jewell, led to an approval to authorize and enter into a qualified lease for Rhodes Tower with the Euclid Avenue Development Corporation, which is included today for full Board approval.

The roof replacement for the Music and Communication Building was also discussed and the Committee approved an authorization to execute the contract for construction services, the resolution is included on the consent agenda for full board approval.
